DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 62,62,64 & 77 are rejected under 35 U.S.C. 102(b) as being anticipated by Kotliar (US Patent 5,799,652). Kotliar discloses a collapsible hypoxic training room comprising a floor slab structure, a plurality of walls and an air conditioning system (103).

Allowable Subject Matter

Claims 1 & 47-49 are allowed over the prior art of record.

Claims 78-88 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
